- Astronomy Club @  
7:00 pm (Quadrivium  
Lab)
- JV/V Soccer, VB  
Practice

### Week 5 - Trinity 12

#### *Science*

6th and 7th grade scholars will begin their next unit which focuses on Physics: magnetism and electricity. These groups have already planted their garden and we are excited to watch it grow. 8th grade scholars will be focusing on the chemistry behind living organisms. 8th grade will soon be partnering with Planting Science which will focus on the power and wonder of seeds. This will include a competition to see how tall they can grow corn.

#### *Algebra I*

Scholars will be solving equations using the distributive property and the converse of the distributive property. The laws allow us to manipulate numbers to make them easier to solve.

#### **Extra Credit for Science:**

The Periodic Table is organized in part by the number of electrons in the "outer shell." List how many electrons are in the outer shell for the first 8 elements.

## We're Listening: Parent Pulse is Here!

**HAPPY BIRTHDAY**

Don't Delay!  
Support the PTL & buy your child's birthday sign today!

11120 NORTHWEST FWY

### Want to Join OSL?

Would you like a refresher on Lutheran teaching?

Life With God is a study of God's Word and the Lutheran Doctrine.

Class is held Mondays, from 7:00 - 8:30 pm, in the Bible Class Room with a light meal before class at 6:30 pm.

Class will begin Monday, September 8.

Bring a neighbor, a friend, or family!

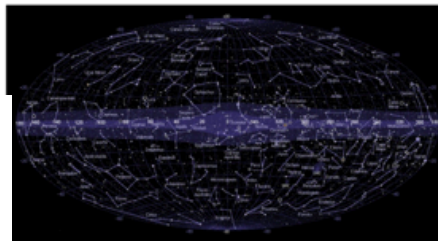

**The Stars: An Introduction**  
Friday, September 12  
7:00 pm - Science Lab room

Join us as we explore the vast depths of God's creation as we look to the stars. From constellations to planets, we will get a close look at deep space.
