

Week 4

Trinity 11

Greetings from 2nd grade! This past week we began Latin, we did our first science experiment, and our scholars really enjoyed reading the folk tales for literature. Next week reading will be added to the curriculum. Scholars will have their Unit 3 exam on Tuesday, and their English exam on Friday.

Graded work, important papers, and art done by scholars can be taken out of their green folders nightly. Homework, memory work, and their story for reading should come back to school every day. All books taken home should return to school the next day. We need these items in class as part of our lessons. Likewise, their planners should also come to school with them daily.

Scholars should have a water bottle and a snack sent to school with them daily (or ordered through the school). Hungry tummies make learning hard! Please have hot lunches and snacks ordered by 6 am!

We are scheduled for library every other Tuesday at 2:15 to 2:45 beginning September 9th, and need a volunteer librarian. If this is something you would be interested in, please contact me. There is a training Tuesday, September 2nd at 3:35, in the library. Multiple volunteers welcome!

After school enrichment begins on Tuesday. Our scholars will be escorted to their programs. These are their respective days and locations:

Memory for the week of August 25th

What is the fifth commandment?

You shall not murder.

What does this mean?

We should fear and love God so that we do not hurt or harm our neighbor in his body, but help and support him in every physical need.

What is the sixth commandment?

You shall not commit adultery.

What does this mean?

We should fear and love God so that we lead a sexually pure and decent life in what we say and do, and husband and wife love and honor each other.

Verse: "Before I formed you in the womb I knew you, and before you were born I consecrated you." Jeremiah 1:5a
