

## 4<sup>th</sup> Grade Weekly Notes

Mrs. Kleb

February 23, 2024

Greetings,

The science fair projects are moving along. There are no more due dates for the remainder of the time. All there is left for your child to do is put their boards together and figure out what they want to say for their presentation. Remember the science fair projects are due Tuesday, March 5.

Re-enrolment began January 1. The registration fee for January is \$600.

Summer camp enrollment is for up to 4<sup>th</sup> grade. Sign up should start on January 15.

I am sure it is no secret that we have been holding an annual Eagle fund. We are excited that many families have participated in this year's campaign. Our goal is \$50,000, and our desire is to have 100% participation at whichever level makes sense for our community's families. When an entire class donates to the Eagle Fund, the class will receive a free dress day. If each family just donates \$10, we will be able to get our free dress day! When the school reaches \$50,000, we will not have school on March 8, 2023. We have achieved our goal of \$50,000 and will be given March 8 off! One extra day of Spring Break! We invite you to continue to donate so we can also earn a free dress day for our class!

**March 3 - 4<sup>th</sup> grade choir sings this weekend**

**Reading-** We started working on another fable, "The Bear and the Two Travelers." We have been learning about how to write dialogue in a story in English class, so we will be using this fable to practice writing a dialogue in a story. They will be working on their rewrite all next week. It is due on Thursday, March 7.

**English-** We finished chapter 11 next week. The test will be on Wednesday, March 6.

**Math-** We are continuing our study of long division. To help them remember the steps, I tell them to say divide, multiply, subtract, bring down, start over, divide, multiply, subtract, bring down. They repeat the steps until they run out of numbers to bring down.

**Latin-** We are continuing lesson 14 next week. There will be a **test on lesson 14 on Wednesday, March 6**. If your child will not be at school on that day, they will need to take the quiz on Wednesday, March 6.

**Science-** We have been studying the solar system. We have learned about the sun, all the terrestrial and gas planets, the dwarf planets. Next week, we will be doing our science project presentations and a review for the solar system test.

There will be a **test on the solar system Thursday, March 7**.

**History-** Due to presentations for science projects and a short week, we will not be doing history this week.

**Religion-** We will read about the Jesus's Burial.

### **Dates to Remember**

March 3 - 4<sup>th</sup> grade choir sings

March 5 - Science fair projects are due

March 5- PTL meeting 6:30/Science, History and Art fair following the PTL meeting

March 8 - Free day off for reaching our goal for the Eagle Fund!

March 11-15 - Spring Break

**Bonus:** Recite this poem to me on Monday, March 4 and you will receive 20 bonus points or a free homework.

There is no Frigate Like a Book by Emily Dickinson

There is no frigate like a book,  
To take us lands away,  
Nor any coursers like a page  
Of prancing poetry.

This traverse may the poorest take,  
Without oppress of toll;  
How frugal is the chariot  
That bears the human soul.
