

# LITERATUS LINGUA

## MRS. WEIDER

### Grammar/ Literature

This week scholars will begin to discuss conjunctions- words that connect phrases and clauses. We will also take a deep dive into compound parts of a sentence. Much of what we have done so far has been review from previous years. This will take us into a new area.

Besides continuing to work on the Not-So-Serious-Shakespeare play, we will push ahead in our essay to practice the skill of parallelism in our writing. This can be a tricky skill, but highly effective in creating beautiful words.

### Happy New Year 2026

We give thanks to the Lord for another year completed and the next one ahead. We are even more thankful that "Jesus Christ is the same yesterday, today, and forever!" (Hebrews 13:8) We can take comfort in God's pattern of faithfulness as we look towards the future.

The start of the year can be a time of re-evaluating. A new start offers a chance to look at old habits and decide if we want to make a change. I want to encourage all of the students to consider how they can grow in their vocation of student. Perhaps it's better attention to their personal work or growing in love towards their neighbor at school. Whatever it is, I will be praying that God will help each student find joy in their time at OSL!
