

Mrs. Prestwood's Ponderings

Third Grade

OUR SAVIOR

LUTHERAN SCHOOL

Still Learning in Week 6!

Third grade is becoming more fun and more challenging as we learn more multiplication tables, learn new vocabulary and translations in Latin, and learn more about how sentences are made and how they become more exciting! We especially enjoy music and art as we learn more about the classics and how to be creative while glorifying the Lord. Each day brings something new!

MATH

Last week, we learned how to apply the 2's multiplication table to real life as we studied pints and quarts. This week, we will learn and practice our 10's table and apply that knowledge to counting dimes.

GRAMMAR

Last week, we reviewed adverbs and adjectives and learned about article adjectives (a, an, the). This week, we will study the four types of sentences, their end marks, and how to tell what part of speech a word might be.

LATIN

Last week, we learned many new vocabulary words and took our second test, which we aced! We learned the endings for nouns as well. Next week, we will learn several more vocabulary words, the phrase "Caelum et terra" (ask your scholar!) and how to walk through the declination of a noun.

"Oh sing to the
LORD a new song,
for he has done
marvelous things!
His right hand
and his holy arm
have worked
salvation for him.
Psalm 98:1

Looking for a home church? Join us on Sunday at **Our Savior Lutheran Church!**
Bible class - 8:15

Church - 9:30

Sunday School for all ages - after church

HISTORY

Last week, we learned about the Dead Sea Scrolls and the Fall of Pompeii to Mt. Vesuvius. We were able to make connections to contemporary events in our lives. Next week, we will learn about Bar-Kokhba as well as when the Apostle's Creed was written. We will also have a geography quiz over the New England states.

SCIENCE

Last week, we learned about Hero of Alexandria and the power of the siphon to display air pressure. Next week, we will learn about Euclid and the Law of Reflection as we study mirrors and angles in an effort to understand the science of optics better.

IMPORTANT REMINDERS

- **Chapter 5 Math Test - Friday 9/19; Memory Work due - 9/19; Geography Test (over Maine, New Hampshire, Vermont, Massachusetts, Connecticut, and Rhode Island)- 9/19**

Every Friday - Donut Friday (Bring \$1 to support 8th grade trip and get a donut!)

Life With God Class - Monday at 6:30 PM in the Bible classroom (lower level of church)

September 14 - Spirit Day at Jason's Deli on Hwy 290 - Please support our school and say where you are from when ordering!

October 10th - Grandparents Day! (More information coming!)

Learn by Heart Memory - Week 6, Trinity 13

- You shall not covet your neighbor's house.
What does this mean? We should fear and love God so that we do not scheme to get our neighbor's inheritance or house, or get it in a way which only appears right, but help and be of service to him in keeping it.
- You shall not covet your neighbor's wife, or his manservant or maidservant, his ox or donkey, or anything that belongs to your neighbor.
What does this mean? We should fear and love God so that we do not entice or force away our neighbor's wife, workers, or animals, or turn them against him, but urge them to stay and do their duty.
- *Keep your life free from love of money, and be content with what you have, for he has said, "I will never leave you nor forsake you." Hebrews 13:5*

IT IS THE MISSION OF SMART FAMILIES TO HELP COMMUNITIES CREATE A HAPPIER, HEALTHIER AND MORE INTENTIONAL LIFESTYLE FOR FAMILIES THAT ENGAGE WITH TECHNOLOGY IN A MANNER THAT IS RESPECTFUL OF OUR INNATE HUMAN DIGNITY.
