**Homework Clarification-**Monday-Thursday you can expect to see 1. math worksheet, 2. a single page story that practices the reading skill for the week. This page is customized to your students reading level. 3. **Animal Folk Tales of America** allows us to learn new vocabulary, read some great literature, and work on comprehension. 4. Memory for the week.

Students are recording their assignments in their planner and bringing home their green folder. If a student doesn't complete an assignment in class, you may also find this in the folder that indicates it needs to be completed and returned to school.

I hope this helps clarify! Please ask questions if you have one. It may be something I haven't thought of.

**Classroom News-** We visited the library this week. They are excited to be able to check out books again. The first two weeks have been a learning curve, but I have learned how to input grades and the classroom expectations are laid out. That doesn't mean that they are 100% compliant, but they understand the consequences. This is a very talkative group, hopefully they will mature and realize **"Good things come to those that follow the procedures."**
