Mrs. Engel's Kindergarten Newsletter

Week 7 – Trinity 14

OUR SAVIOR
LUTHERAN SCHOOL

Kindergarten Families,

We had a great week in kindergarten! Monday I am sending home the new words of the week instead of holding on to them as part of the reading packet. Review ideas include write the words on index cards, cut them apart and have your scholar put them in order, write each word 5 times on paper, write them on a cookie sheet with shaving cream, if you have magna tiles use a dry erase marker and write the letters on the tiles and have them build and blend them. Make sure to look through the work that comes home in the green folder every day. You may also use previous weeks work to review with your scholar.. Repetition is the key to your scholar's mastery and becoming a successful reader. It takes a village to help a scholar learn to read.

We are now sitting in houses with our chapel buddies during chapel! Please see the chart on page two of the newsletter to see your child's house, buddy, and family assignments. *If you are joining us for chapel, you can grab your child from our line as we walk through the Narthex and sit in the chairs that line the back wall behind their house.* There is a seating chart attached to this email showing where each house sits in the church.

Please make sure you have read the School Newsletter.

Thank you,
Mrs. Engel

Lock Words

a, and, black, is, on, the, white, brown, said, **see, stop, to**

Parents, using a "**tap, map, write, and read**" routine is a great way to practice our lock words. **Tap:** Tap out how many sounds are in the word. This can be done with fingers or tokens. **Map:** If the word has 3 sounds, draw 3 lines or sound boxes. Then have your child write the letters in the box that correspond with that sound. **Write:** Have your child rewrite the word, making a list of all words practiced. **Read:** Have your child read the list of lock words they just practiced. Talk about word meaning and ask if they can use the word in a sentence!

This process helps facilitate orthographic mapping. Orthographic mapping is the mental process of storing words in long-term memory for instant retrieval!
