# Gigantic People Movements

Charles Dailey

Thousands from round the world travel to Mexico and enter our open southern border. There are many deaths, but they still come. More have arrived in the past two years than the total population of four states. As believers, we do well to find out how to bring the gospel to the newcomers. It is a major challenge.

Take for example, Afghan people. Thousands have been brought to the U.S. by the government and private agencies. People from Afghanistan have settled in every state except Wyoming, especially Texas, California and Virginia.

As a believer, I pray each day for Afghan people. I pray that God would raise up servants to teach them about Christ. True believers remain in Afghanistan and I pray their faithfulness to Christ in the face of sudden death from the government. One American

Army General retired while working in Afghanistan. **John and Jen Bradley** are members a *Church of Christ* in Texas and work through their contacts in encourage believers. For heart-warming stories, Google *Christian Chronicle* and search for "Bradley."

## THANKSGIVING OFFERING

Many of us want to express our thanksgiving to the Lord by setting aside a Thanksgiving offering. This year the offering will be sent to provide food for the exceptionally needy. The Elders will pick a field in Africa or Asia (probably) and see that the money is delivered. Funds are never sent directly to a location, but always through an intermediate that can assure us that the money will be used as designated.
