LORD'S DAY OCTOBER 2ND 2022

Expanding from last week's bulletin:

This was written by **Brittany Gill**:

Dengue is spreading across Pakistan. It's a mosquito- related illness. This could be because of the recent flooding that happened in certain parts of Pakistan. Schools announced days off, right now, because of it.

Currently, we have members in our (greater) household who are sick. Some have dengue, and some have a different viral sicknesses. And there are some that are finding out whether they have dengue or not.

We are actively, together with our large family, working hard to get everyone well. The Doctors here are very experienced with dealing with this . . . and it's just a matter to get everyone well as soon as possible.

We are getting the medicines prescribed by the Doctors and are also doing many dietary things at home that were recommended by the Doctors (consuming liquids, soups, natural fruit, juices, etc.) along with Vitamin C, ORS water (**O**ral **R**ehydration **S**olution) and other things. We're working hard to build up our immune systems, as well.

With your fervent prayers, we believe that it will be effective. Please pray for quick healing for everyone. Thank you so much!

-- **Joyce Ryan** is dealing with health problems beyond the normal. Pray for both **Elliott** and Joyce Ryan.

Our online classes and sermons continue to be effective in extending our outreach. It's a team effort by **Mike Kennedy, Dave Kubow, Mark Williams, Lauren Taylor-Priest, Sam Judd and Jordan Devena.**

Charles was talking with a lady in Nevada who is disenchanted with the preacher where she was attending. She stays home and observes the Lord's Supper. She was happy to hear about our outreach. I will be discussing gratitude with her also.
