A fence is being planned for the west side of the building to forestall the area from becoming a place where illegal drugs are sold and used or where people set up camp. Part of the area is visible on our security cameras, but not all. The company that will install the fence is delayed because they are putting in fences for other churches with the same problem!

Anyone who wants to assist in watching the property on the cameras can check with **Dave Kubow** to see how to do it on your computer from home.
