LORD'S DAY JULY 3RD 2022

Developments With the Gills

Charles Dailey

We support **Sam** and **Brittany Gill** each month from the church treasury as well as private gifts that go directly from individuals to assist in their project to spread the Message of Christ in populous Pakistan. They live in Lahore.

With temperatures hovering around 114^o, they have, in the past installed air conditioning in two rooms. However, the cost of operation has been very high, so they wondered about installing a solar system to lower the costs dramatically. Also, the electricity is frequently shut off without warning. The idea took hold among their supporters and so a system has been purchased and should be installed very soon. In that part of the world, one pays cash first and then the installing takes place.

Brittany is close to delivering their fourth daughter. I woke up Thursday night with Brittany on my mind, so I prayed for her safety and that of the baby. God takes calls 24 hours each day.

The translation of Dr. Jack Cottrell's book *The Faith Once for All Delivered* is underway with the primary work being done by a Muslim gentleman in Lahore. We are praying for him to turn to Christ because of what he sees in God's Word. Dr. Cottrell, who lives in Kentucky, is on palliative care and may not last until the translation work is finished. Naturally, that will not affect the translation work.

OUR FUTURE IS UNCERTAIN TO US, BUT GOD WILL GUIDE HIS PEOPLE

There is little dispute that life is changing fast. This writer wants his world to stay the same so he knows what to do, but it's not happening. Even my computer changes itself. The whole world is facing a *food shortage* that will spell starvation for some, especially the very poor. Groceries will become unavailable at the stores. It's time to make friends with a farmer.

Much of the world is facing a *financial collapse*. Signs can be seen in the inflation that nearly all countries are experiencing.

At the very end of the New Testament era, God had scheduled a total destruction for the Jerusalem that had crucified His Son. But there were many believers in Jerusalem. By giving explicit instruction on when to move out of town, He saved every one of them. He can intervene in any disaster to save His people if He chooses to. And if He chooses not to save His people, He has a wonderful alternative.
