 - b. Do most direct, most simple godly things
- 2. Plan for & execute the main project**
 - a. Plan it out – plan for the best supplies
 - b. Equip the priests first – meaning, without the blessing & favor of God, none of it matters
- 3. Refuse distraction & dilution of the mission**
 - a. Let the Word of God be our guide for whether or not to adjust course along the way
 - b. Do be frustrated or anxious about adversaries – they’ve always been there and always will be for the Christian
 - i. Don’t fear him that can kill you, fear Him that can kill your body AND soul (Luke 12)
