## “Protecting What God Has Given”

### Introduction

Exodus is the story of the Redemption & God’s salvation as seen thru the creation of the nation Israel.

God has delivered them out of Egyptian slavery & from the pursuing Pharaoh & his armies.

God intends to grow them, 1 step at a time, into a people that know how to trust Him and his ways.

He began to grow them in Chap 15-17 by experience. By experiencing thirst and hunger, so they’d know what in their own heart.

God has truly blessed this fledgling nation with:

1. A true revelation of who He is
2. An earthly life that can truly satisfy as they live it for and thru Him
3. A wonderful eternal future and a hope

In chap 17, they’ll learn that there will be times that they’ll have to defend what God has given them

**We’ll see 3 attack vectors from which enemies will come**
