

1/15/23

Welcome

Prayer

The theme is Genesis 6, as it was in the days of Noah.

Recognize where we are.

[WEF's](#) Harari Threatens Humanity: 'You'll Need To Relearn To See and Walk In the Future'

But what does it mean that I have to relearn how to see and walk? As virtual reality improves — and with all the talk of the metaverse and so forth, which we will discuss later on — increasingly, it's likely that [there] will be many more activities shifting from the physical biological world that we know into a new reality — a virtual reality — which has different physical and biological laws.

Were you aware of "Biden"'s [executive](#) order on Genesis 6?

We need to develop genetic engineering technologies and techniques to be able to write circuitry for cells and predictably program biology in the same way in which we write software and program computers; unlock the power of biological data, including through computing tools and artificial intelligence; and advance the science of scale-up production while reducing the obstacles for commercialization so that innovative technologies and products can reach markets faster.

World Health [Organization](#) – the ones we're flirting with on pandemic treaty that will give them all authority over us.

- Immunization Agenda 2030: A Global Strategy to Leave No One Behind
- IA2030 seeks to create a world where everyone, everywhere, at every age fully benefits from vaccines
- IA2030 is guided by four principles: it puts people in the centre, and is led by countries, implemented through broad partnerships, and driven by high-quality data.
- Translated – four principles: 1) you are the target, 2) your government will force it via pandemic treaty, 3) we will combine political power and pharmaceutical greed enforced by military and civil authorities (like we saw in the Pandemic), and 4) a.i. will track who has what

Targets to be achieved by 2030 include:

- Achieving 90% coverage for essential vaccines given in childhood and adolescence
- Halving the number of children completely missing out on vaccines
- Completing **500** national or subnational introductions of new or under-utilized vaccines - such as those for COVID-19, rotavirus, or human papillomavirus (HPV)

From [Grain.org](#) (it is/will be in our food supply)

Hoping to turn around the debate on genetically modified food, the agbiotech industry is hyping up the second generation of transgenic crops. which bring promises of "functional foods" with tangible consumer benefits. Edible vaccines are being touted as an example of the benefits genetic engineering can bring to the South. Promised to be cheap, accessible and safe, and eliminating the need for the dreaded needle, edible vaccines sound like a dream come true.  
(and this was written in 2000)

And by the way, as Gates is the biggest landowner in America, you can bet he is throwing gobs of cash on this.

Here's a [PubMed](#) study in 2003 on aerosolized vaccinations (it is/will be in our air)

Extensive field trials in South America with aerosolized live-attenuated measles vaccine have also been successful, and excellent results have been reported with pilot projects employing inactivated or live-attenuated aerosol influenza A vaccine.

What do u want to bet the Swarthies in S. America were not told about this?

From [studyfinds.org](https://www.studyfinds.org)

Unfortunately, mRNA vaccines have to stay in cold storage until use or they lose stability. The UC-Riverside team says if they're successful, the public could eat plant-based mRNA vaccines — which could also survive at room temperature.

Because the covid vaccines are safe and effective right? They're safe and effective.

As in the most recent [admission](#) of explosion of disability

Remember Ed Dowd – Blackrock fund mgr, shows how

1) deaths in the group-plan covered individuals (High paying jobs) flipped vs. general pop. for 1<sup>st</sup> time ever, IN 2020

2) disability claims in the employed pop. rose 4x higher than general pop

[WEF](#) demand unvaxxed pilots

Why would they do this?

Here's [one](#) of many you've probably seen

In a published blog, the FAA said the incident began around noon when the pilot “told his two passengers he wasn't feeling well. He fell against the controls, putting the aircraft into a nosedive and sharp turn.”

The blog said one passenger grabbed the controls, pulled the plane out of the nosedive and radioed air traffic control in Fort Pierce.

We left off on 5/6 Governments only exist to maintain liberty

- Governments are given by God
- a bad / evil government is a symptom of a corrupted nation
- Governments bear the sword for enforcement of behavior

Then we asked

What happens if there is no sword?

[Ecc 8:11](#) Because the sentence against an evil deed is not executed quickly, therefore the hearts of the sons of men among them are given fully to do evil.

In Isaiah, he curses people who think like this

Isaiah 5:18-19 (NASB) Woe to those who drag iniquity with the cords of falsehood, And sin as if with cart ropes; Who say, "Let Him make speed, let Him hasten His work, that we may see it; And let the purpose of the Holy One of Israel draw near And come to pass, that we may know it!"

The language here – cords of falsehood = thin dainty strings, like spider webs and gives the idea of layer-upon-layer adding sin to sin.

Chaldee – the commercial & social language of western Asia, became the language of the Palestinian region after the Exile –

Translates this as such:

'Woe to those who begin to sin by little and little, drawing sin by cords of vanity; these sins grow and increase until they are strong, and are like a cart-rope.'

We make fun of little kids you warn → they disregard → they inch forward → you warn (rinse repeat)

Individually We're just like they are.

Nationally, we're just like they are!

- death penalties have dropped dramatically
- In the name of 'racism', Illinois releasing 2<sup>nd</sup> Deg. Murder, manslaughter, assault, arson etc without bail
  - State Attorney Says It Will Be The 'End of Days' When Law Goes Into Effect
  - New York, NJ, CA have done this – others??
  - NE looking at it
- in the name of 'equity', men identifying as women to be put in women's prison, impregnating women

we have gone crazy.

1 Tim 4: <sup>1</sup> But the Spirit explicitly says that in later times some will fall away from the faith, paying attention to deceitful spirits and doctrines of demons, <sup>2</sup> by means of the hypocrisy of liars seared in their own conscience as with a branding iron,

Side note: we love the romanticism of 'being in the end times'.

We have no idea what we're romancing when we talk like this though. Remember Darby, there is no free exit on this train. We get to go through all of it

- Just like the Israelites through the Egyptian plagues
- Just like the captives when the Assyrians overthrew Israel (think life didn't change for them?)
- Just like the sustenance of Israel in the desert when they weren't supposed to stay alive

God is not limited in what He can/will do with those whose hearts are fully His.

Point on this – governments exist to maintain liberty.

**What happens to the government when the people leave Christ for the trappings of the world?**

(obviously), sinners get into government and guess what happens then...

*We hold these Truths to be self-evident, that all Men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the Pursuit of Happiness—That to secure these Rights, Governments are instituted among Men, deriving their just Powers from the Consent of the Governed, that whenever any Form of Government becomes destructive of these Ends, it is the Right of the People to alter or to abolish it,*

Next – (recap, 6 self-evident truths we see in the Declaration)

1. There is only one God
2. All men are created equal
3. The Creator gave each person unalienable rights

4. Governments are created by the people
5. Governments only exist to maintain liberty
6. Corrupt governments must be removed

Final of the six self-evident truths seen in the Declaration of Independence –

**Corrupt governments must be removed.**

(seeing as how the buddy system builds the current regime, I'm not sure who exactly is supposed to remove said government)

From the book, *The Bible, The Constitution, and The Founding Fathers* by Ken Johnson Th.D.

It is against Natural Law to allow a corrupt government to oppress, or slaughter its people if they have the ability to stop it.

Consider

Prov 24: 10 If you are slack in the day of distress, Your strength is limited.

11 Deliver those who are being taken away to death, And those who are staggering to slaughter, Oh hold them back.

12 If you say, "See, we did not know this," Does He not consider it who weighs the hearts? And does He not know it who keeps your soul? And will He not render to man according to his work?

What is this saying?

You know what's happening to our country

Many do not

Many children will suffer

It takes effort outside of work, family, church, and play to resist The Great Reset  
the Day of Distress is on the horizon now, full steam ahead

It is idol worship to sit back and do nothing. Idol – the god of comfort and convenience.

- Song of Solomon – I'll be inconvenienced to get up and let you in
- What if God is calling the nation to stop what they are doing and 2Chron7:14?

Now is the time (has been the time) to pray for Holy Spirit boldness, just like in Acts 2

If we get there and say, "Geze, I didn't know it was going to happen" won't God totally weigh out what we were thinking?

"A Republic, if you can keep it"

Consider the population reduction goals of agenda 2030, wef, deagel report, CBDCs, social credit scores (Amazon wanting your phone for \$2/mo), Ford selling info, supply chain wreckage, food shortages, energy shortages, inflation

Think of how convenient they are going to make everything against the backdrop of leanness / suffering.

And how does this translate to our tiny little lives, what can we do?

We know where the WEF is taking the world

Tytlar Cycle –

Get everyone to depend on the system –

1. create & release a bioweapon,
2. kill the economy
3. get people to stay home with stimulus
4. Take the phase 3 clinical trial of the injectable pathogen-stimulating synthetic bioweapon that grows antennas in you for manipulation via electromagnetic fields (5G, 6G)
5. wreck the supply chains & the currency (currently happening)
6. Cause famine and introduce foods tainted with cell permeating synthetic biostructures

7. Introduce a CBDC with free monetary incentives
8. Eliminate cash
9. Lock down the system
10. turn off your cash if you stand against their depopulation agenda.

### What is my role?

- to ensure people recognize the lies
- to work toward self sufficiency as much as possible
- to work with other people toward community self-sufficiency
- to avoid convenience entrapments (digital money, auto-pay etc)
- to warn others of the subtle plan to lower our guards

### Aaron Russo's last words to humanity

You can study this topic further e.g. what about the Bill of Rights? Is there biblical basis for this?

#### First Amendment

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.

#### So in acts 5

- Just witnessed the death of Ananias & Sapphira, great fear came over all the church
  - Do we see the fear of God today in the church? Why not?
- signs & wonders at hands of apostles
- people constantly added to the church
- would lay the sick on cots in the street so Peter's shadow would fall on them & they'd be healed
- People from surrounding cities brought their ill too!

Acts 5:17 17 But the high priest rose up, along with all his associates (that is the sect of the Sadducees), and they were filled with jealousy. 18 They laid hands on the apostles and put them in a public jail. 19 But during the night an angel of the Lord opened the gates of the prison, and taking them out he said, 20 "Go, stand and speak to the people in the temple the whole message of this Life."

So the Council got together the next day to really stick it to the apostles, they sent for them but they were gone! Jail was 'quite secure', guards still at the doors.

Then someone reported, "Hey, they're in the temple, in public! teaching the people!"

Acts 5:26 26 Then the captain went along with the officers and proceeded to bring them back without violence (for they were afraid of the people, that they might be stoned). 27 When they had brought them, they stood them before the Council. The high priest questioned them, 28 saying, "We gave you strict orders not to continue teaching in this name, and yet, you have filled Jerusalem with your teaching and intend to bring this man's blood upon us." 29 But Peter and the apostles answered, "We must obey God rather than men. 30 "The God of our fathers raised up Jesus, whom you had put to death by hanging Him on a cross. 31 "He is the one whom God exalted to His right hand as a Prince and a Savior, to grant repentance to Israel, and forgiveness of sins. 32 "And we are witnesses of these things; and so is the Holy Spirit, whom God has given to those who obey Him." 33 But when they heard this, they were cut to the quick and intended to kill them.

How can the gospel be preached if there are laws governing speech?

In a godly nation, why would there ever be the need to regulate speech?

In an ungodly reckless nation, how do you maintain stability without it?

Ask yourself – what Christian would engage in any of these?

- hate speech
- riot-causing / “fire!” in a movie theater
- personal threats
- defamation (slander / libel)
- false advertising
- use of public resources for partisan politics

You can make a study of walking through the Bill of Rights and see if you find it biblical or not.
