From the Sen. Ron Johnson hearing on Covid vaccines 12/7/2022, [UK Government](#) data

<https://twitter.com/JanJekielek/status/1600550555356524544?t=VOZT9yqyLxhixRZuINsUBA&s=19>

- Vaxxed suffering higher mortality than unvaxxed
- The insurance industry data is striking. The slide is by industry expert Josh Stirling—actual UK data. US not available. Using UK data, Sterling estimates 600K US excess deaths annually in the jabbed

[The baby boy](#) I told you about last wk in New Zealand, heart surg. parents wanted unvaxxed blood

- They have willing blood donors – would all be set.
- Nope. State took the boy
- Forced the operation with vaxxinated blood
- Will return the boy to the parents
- WE BETTER BE STANDING!

[Children's Health](#) Defense – Robert F. Kennedy JR et.al matched MA death certificates with recent VAERS reports

- Get it?
- This shows all the vax deaths NOT being reported by VAERS by correlation e.g. Vax on May 15, Dead by May 24.

(skip) [Agenda](#) 2030's 17 stated goals –

- Goal 13: Take urgent action to combat climate change and its impacts*
 - Translation: Cap and Trade, carbon taxes/credits, footprint taxes (aka Al Gore's dream)
 - 'footprint taxes' = carbon footprint, minimizing this as the power elite fly around in corp.jets
- So, Climate Change Lockdowns – (Hillary's plan, was supposed to be cheated in as Pres 2016)

Is this real?

UK, Oxfordshire County Council approved a 2024 plan to lock residents into 1 of 6 zones,

- can travel outside your zone max 100 days / yr, showing proper papers
- Duncan Enright, Oxfordshire County Council's cabinet member said "it's going to happen definitely"

France – banning certain short-haul flights to reduce carbon emissions

- if a flight route can be done by train in < 2 1/2hrs the flight is banned

Netherlands – shutting down 3,000 farms to comply with EU environmental mandates

- at precipice of global mega food crisis (Socrates, 2023, Armstrong Economics)!

Canada – and if you don't like it, die.

- 10,000 did assisted suicide last year
- = over 3% of all deaths from last year
- This is up 33% from previous year
- Mental illness, physical limitations and just don't want to live – all apply

[EU seeks](#) deal on law preventing import of deforestation-linked goods

Here's a horribly scraped section of natural beauty being prepped for palm oil plantations

THEREFORE

anything that has to do with a tree we have to ban coming into the European Union
The proposed law would apply to soy, beef, palm oil, wood, cocoa and coffee, and some derived products including leather, chocolate and furniture. EU lawmakers want to add rubber and maize.

so in [Germany](#), they're deforesting hundreds of acres for wind farms

(skip?) CBDC – the Beast System

[Nigeria restricts](#) ATM withdrawals to \$45 per day in push to digital currency

This is the great Satan

How did Covid remove freedoms? lockdowns, masks, coerced vaxxines, social distancing, food / other items rationing, banning church services etc...

Why would they need another pandemic once they get CBDC?

- Health: "You didn't take your booster... sorry, you're not allowed in public spaces."
- Energy: "You used your energy allotment this month... sorry, your electric car won't start."
- Food: "You ate too much meat this week... sorry, your money is only good for plants (or bugs)."
- Savings: "If you don't take your rations soon... sorry, your money will expire at the end of the month."
- Free Speech: "You shared info that we disagree with... sorry, our algorithm is fining you." (PayPal has already started doing this)

[Author John](#) Whitehead on the effective dissolution of the constitution:

- Police in major cities are looking more like military than police presence
- Our homes are no longer our castles – SWAT raids on Trump / anyone in disagreement with the Left
- [We no](#) longer have real free speech – latest: Angela Reading / FB post, Lt.Col as military flagged Angela to police as "safety concern"
 - weight of the government fell on her to remove her post
 - what was her post? (scroll to black area)
- No longer have any real privacy –
 - Tech (phone conversations → ads, TVs, 5G IOT devices in home, Detroit 2018 tech conference, their CTO said that by 2025 make more \$ selling data than cars)
- Losing/lost rights to bodily privacy and integrity
 - forced vax, forced cavity searches, [forced colonoscopies](#),
 - (this guy, Dave Eckert, pulled over, posture appeared to be clenching drugs in his 'cavity', got search warrant for multiple anal cavity searches and doctor-ran full blown colonoscopy
 - Where? Deming, NM.
 - [won](#) a \$1.6M suit by the way...
 - forced blood draws, forced inclusions into biometric databases
- No longer rights to private property –
 - Carl and the water issue,
 - contacted Schreiber and Longbine
- We no longer have a government of the people, by the people and for the people
 - study found that the government is ruled by the rich and powerful, or the so-called "economic elite." Moreover, the researchers concluded that policies enacted by this governmental elite nearly always favor special interests and lobbying groups. In other words, we are being ruled by an oligarchy disguised as a democracy, and arguably on our way towards fascism—a form of government where private corporate interests rule, money calls the shots, and the people are seen as mere subjects to be controlled.

[What do we do???](#)

[Forum](#) on Medical and Public Health Preparedness for Catastrophic Events regarding the advent of the coronavirus,

To sustain the funding base beyond the crisis, he said, we need to increase public understanding of the need for MCMs such as a pan-influenza or pan-coronavirus vaccine. A key driver is the media, and the economics follow the hype. We need to use that hype to our advantage to get to the real issues. Investors will respond if they see profit at the end of process” – ECO Health Alliance - President [Peter Daszak](#)

- Son of a nazi prison camp guard, schooled in mass death,
- approached DARPA about gain of function (bat virus made to work in humans = coronavirus),
- DARPA rejected!!
- Got funding from NIAID / Fauci, for Wuhan for GOF research
- rest is history...

Why do we pray on Wed. nights? because WW3 is happening right now!!

The Central Bank Digital Currency (CBDC) will spell the end of all freedoms. We may as well resign ourselves to be serfs in a fascist dictatorship if this is allowed to overtake the nation. A CBDC is centralized, programmable currency that will allow the State to dictate exactly what I can buy, where I can buy it, when I can buy it and how much of it I can buy (Fed Now, Slated for pilot 2023) and these actions will be based on how closely my philosophies align with the State (ESG score, Slated for pilot 2023). It will also determine the time value of wealth e.g. imposing a negative interest rate forcing us to spend savings. Our entire existence will be controlled by The State. I refuse to comply with this tyranny. I do hope you do everything in your power to protect and preserve our individual liberties by rejecting all advancements for this Orwellian structure.

We hold these Truths to be self-evident, that all Men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the Pursuit of Happiness—That to secure these Rights, Governments are instituted among Men, deriving their just Powers from the Consent of the Governed, that whenever any Form of Government becomes destructive of these Ends, it is the Right of the People to alter or to abolish it,

John Whitehead

The Constitution begins with those three beautiful words, “We the people.” Those three words were intended as a reminder to future generations that there is no government without us—our sheer numbers, our muscle, our economy, our physical presence in this land.

When we forget that, when we allow the “Me” of a self-absorbed, narcissistic, politically polarizing culture to override our civic duties as citizens to collectively stand up to tyranny and make the government play by the rules of the Constitution, there can be no surprise when tyranny rises and freedom falls

Remember, there is power in numbers.

There are 332 million of us in this country. Imagine what we could accomplish if we actually worked together, presented a united front, and spoke with one voice?

We left off in what “pursuit of happiness” means.

Quoting James Rogers, head of Texas A&M Poly Sci dept

So “the pursuit of happiness” means something like occupying one’s life with the activities that provide for overall wellbeing. This certainly includes a right to material things, but it goes beyond that to include humanity’s spiritual and moral condition.

Then we asked if God cares about your VOCATION – what you DOOOO for a living if you are NOT a pastor??

Romans 11: 29 for the gifts and the calling of God are irrevocable.

- God GIFTED you and CALLED you.
- God GIFTS our youth and CALLS our youth.

So then

Ec 9:10 Whatever your hand finds to do, do it with *all* your might; for there is no activity or planning or knowledge or wisdom in Sheol where you are going

Col 3:23 Whatever you do, do your work heartily, as for the Lord rather than for men, **24** knowing that from the Lord you will receive the reward of the inheritance. It is the Lord Christ whom you serve.

I thought digging a ditch wasn’t spiritual...

Again we saw this earlier

Eph 4:28 He who steals must steal no longer; but rather he must labor, performing with his own hands what is good, so that he will have *something* to share with one who has need.

And there it is.

Bloom where you are planted.

“Going to church” is just the *Launchpad!* We are supposed to be part of the church to build one another up,

-Not “I don’ get anything out of that church” and effectively curse God’s sick body.

- This is the spirit of Cain, i.e. I am not my brother’s keeper.

So backing out, God gave you certain talents.

- Develop those SO you can bless others
- This is how God constructed the church body – a study in itself
- Pursue this ‘blessing’ as a vocation.

Without this unalienable right, the Body of Christ would suffer.

This is why covid lockdowns needed to be broken!

- Remember, you could go to big box stores, just not churches.
- Catherine Austine Fitts – it’s just the science!

Next self-evident truth – Governments are created by the people

From extrabiblical history we can see that Abraham wasn’t a tyrant. He repented and directed his offspring to repent and worship the Living God as well.

From Josephus, *The Antiquities of the Jews*, Book 1, Chapter 2-3

Chapter 2...

3. Now Adam, who was the first man, and made out of the earth, (for our discourse must now be about him,) after Abel was slain, and Cain fled away, on account of his murder, was solicitous for posterity, and had a vehement desire of children, he being two hundred and thirty years old; after which time he lived other seven hundred, and then died. He had indeed many other children, but Seth in particular.

Chapter 3...

Now this posterity of Seth continued to esteem God as the Lord of the universe, and to have an entire regard to virtue, for seven generations; but in process of time they were perverted, and forsook the practices of their forefathers; and did neither pay those honors to God which were appointed them, nor had they any concern to do justice towards men.
