News –

[Remember](#) baby Alex from Spokane WA?

- Needed corrective surgery, parents secured unvaccinated blood at the hospital
- Hospital said no thanks, gave from general stockpile
- Baby died of huge clot “within a few hours” of the transfusion

Was the hospital a hero or a villain? They did not give the parents what they asked for.

[Remember](#) The nurse in Germany jabbed up to 8,600 elderly people with ~saline solution?

Some say she was a villain for the same reason.

What I want you to see is that the patients did not ask for a bioweapon, they asked for protection

- Her patients were/ are greatly misinformed. Informed consent was not given.
- This nurse effectively protected them against death, clots, cancer, aids, and a host of other horrible side effects blowing up VAERS, DMED, Yellow Card system etc
- Factor this into your equation before you dismiss her as a villain

[WEF](#) wants you to give up your car. 20s video

[Australia](#) – Social Credit scores introduced for you to get on the internet

Citizens need 100 points of identification to use social media & the police will have access to your accounts including private messaging. What will you do when that happens here?

Remember Rockefeller’s [Lock step](#)? 2010

- showing how gov can overtake society for dictatorial rule using a pandemic
- which we followed “in lockstep”

Remember [Spars](#) Pandemic 2025-2028?

- showing how media would handle info to control people’s decisions
- e.g. Vax everyone even though kids don’t get it, adults w/out comorbidities make it, it doesn’t work, it doesn’t prevent infection or transmission, not approved, not a vax etc...
- Notice the 2020 date, liars. I first reported on this showing Oct [2017](#) but they scrubbed it.

Remember [Event](#) 201 in October 2019? and just after that, COVID?

- Bill Gates, Johns Hopkins, WEF

Remember Gates, the guy who predicted [Monkeypox](#) down to the month?

- and him threatening us on how bad the next one will be ([this](#) is just one of several)

And now presenting, [Catastrophe](#) Contagion – ever notice how their titles are always opposite their aims?

Same players

The exercise simulated a series of WHO emergency health advisory board meetings addressing a fictional pandemic set in the near future. Participants grappled with how to respond to an epidemic located in one part of the world that then spread rapidly, becoming a pandemic with a higher fatality rate than COVID-19 and disproportionately affecting children and young people.

key – Participants were challenged to make urgent policy decisions with limited information in the face of uncertainty.

[Countries](#) should prioritize efforts to increase trust in government and public health; improve public health communication efforts; increase the resiliency of populations to misleading information; and reduce the spread of harmful misinformation.

What is misinformation? (discuss)

Misinformation is that the Covid vaccine is a bioweapon. Now death is [exploding](#) because liars rule the airwaves.

Just saying. Don't fall asleep. You know their goals

- Population reduction / moving from rural to 15-minute cities
- Tracking, tracing, controlling your buying/selling, your whereabouts, your activities, your thoughts (via injectables).
- Injecting you and your kids with a bioweapon masqueraded as a saving serum
- [Human 2.0](#) – the augmenting of the human genome (Genesis 6)
- DO NOT FORGET what they put us through
- social distancing, masks, coercion to inject death into your body, public shaming, supply chain wreckage, etc
- all was a test to see what they could/not get away with

[VAERS](#) showing 10,000% increase in cancer reports from covid vaccines

[Remember](#) the fraud in Brazil's elections, millions took to street to protest?  
This is happening there. Can it happen here?

this leads us into our discussion into our discussion...

SCOTUS 22-380 (describe)

Huge pressure on SCOTUS for

[Indian](#) Tribal Lands decision 7/2020

The Supreme Court ruled Thursday that a large chunk of eastern Oklahoma remains an American Indian reservation, a decision that state and federal officials have warned could throw Oklahoma into chaos.

And of course you know Roe v. Wade this last July.

- This hits home because abortion is Moloch sacrifice

So in these 2 cases over the last 2 years, you see they WOULD make a ruling that could throw the nation into chaos, and they WOULD make a ruling that is the right thing to do.

"Hopium" vs hope

Hopium = amalgamation of hope and opium. You are GIVEN hope so you sit back and relax.

Real hope involves action as you seek to realize what is not yet in existence.

- [2 cor 9:10](#) the plowman ought to plow in hope, and the thresher to thresh in hope of sharing the crops.

The difference –

- One hears this or that and does nothing, like the sluggard
- One reads the times and acts accordingly.
- Will righteousness prevail? Will the Supreme Court decide to hear this on Jan 6<sup>th</sup>?
- IF they do, will they rule in favor of it?

Here's the better question - **What difference would that make to you if it did not?**

**What would you do differently knowing one outcome or another?**

- If you could future-gaze, see SCOTUS cleaning house, would you do something now so you could be on the winning team and say, "Look at me, I was right!!"?
- If SCOTUS did nothing, would you keep quiet about it now so nobody would think you were a loser?
- What is the right thing to do?

Link to Praying Mantis -

Loy Brunson – asking for all Americans to write SCOTUS a *personal letter* encouraging them to do the right thing. Over 100 allegations decrying foreign interference (Just look at the Twitter files alone)  
He wants America to voice their opinion in a way that cannot be stolen – A PHYSICAL LETTER

<https://prayingmantis.substack.com/p/scotus-save-us>

If you believe this, consider this activity as a ‘talent’. You can bury it (send a letter) or you can multiply it.

How important is this? Do you pray about your country? What do you want God to do for it?

Discuss.

### Continuing - **Governments are created by the people**

(re-reading the above Josephus)

Point – Adam had gov control as he was the 1<sup>st</sup> man obviously

- We know he told his kids to know and be known by God
- We know Abel and Seth listened and Cain didn't.

The virtue they were taught said all men have a sin nature and we need to love righteousness and be our brother's keeper

from *The Bible, The Constitution, and The Founding Fathers*

“The founding fathers saw being your ‘brother's keeper’ was a way of creating a system of checks and balances to ensure everyone had liberty”

By contrast, About Cain?

When God kicked him out, he went to many countries and finally built the city, “Nod”

Josephus, *The Antiquities of the Jews*, 1.2.2

However, he did not accept of his punishment in order to amendment, but to increase his wickedness; for he only aimed to procure every thing that was for his own bodily pleasure, though it obliged him to be injurious to his neighbors. He augmented his household substance with much wealth, by rapine and violence; he excited his acquaintance to procure pleasures and spoils by robbery, and became a great leader of men into wicked courses. He also introduced a change in that way of simplicity wherein men lived before; and was the author of measures and weights. And whereas they lived innocently and generously while they knew nothing of such arts, he changed the world into cunning craftiness.

See that?

- Rights of the average person were of nothing
- He owed it to himself to be injurious to his neighbor –
  - what does Jesus say we're to do with our neighbor?
  - Matt 19:19 YOU SHALL LOVE YOUR NEIGHBOR AS YOURSELF
  - He's quoting Lev 19:18 - but you shall love your neighbor as yourself; I am the LORD.

- He cared about his family and that's it –
  - (Nicholas Rockefeller / Aaron Russo interview)
- He enriched himself by unjust gain
  - (Federal Reserve, debt-based money, inflation = tax)
- Made a system of weights & measures but were craftily made as unjust weights and measures –
  - **how does God feel about that?**
  - (lots of Scripture on this) **Pr 20:10 ¶ Differing weights and differing measures, Both of them are abominable to the LORD.**
- Cain would be considered a tyrant for not allowing liberty to everyone in his kingdom

Adam → Seth → Enosh →

(Josephus) when he had lived nine hundred and twelve years, delivered the government to Cainan his son, whom he had in his hundred and ninetieth year.

Then the book of Jasher gives insight to how things went sideways.

Jasher 2:11. And Cainan grew up and he was forty years old, and he became wise and had knowledge and skill in all wisdom, and he reigned over all the sons of men, and he led the sons of men to wisdom and knowledge ; for Cainan was a very wise man and had understanding in all wisdom, and with his wisdom he ruled over spirits and daemons ;

Point – the government was God-centered, teaching people to pursue happiness (as constitutionally meant)

- It was not a tyranny, or a dictatorship
- There was a short lived revival. Then things went sideways.

Now, see if you spot any similarities here.

19. For in those days the sons of men began to trespass against God, and to transgress the commandments which he had commanded to Adam, to be fruitful and multiply in the earth. 20. And some of the sons of men caused their wives to drink a draught that would render them barren, in order that they might retain their figures and whereby their beautiful appearance might not fade. 21. And when the sons of men caused some of their wives to drink, Zillah drank with them. 22. And the child-bearing women appeared abominable in the sight of their husbands, as widows, whilst their husbands lived, for to the barren ones only they were attached.

Truly, there is nothing new under the sun.

After this, Enoch led the people in a several-decades revival as well, but eventually men sought darkness Kings and rulers sought his guidance and asked him to be king of kings, of sorts. He complied.

Just a tidbit of interesting history from Jasher chapter 2  
(Jasher is referenced in Joshua and 2 Samuel, by the way)

Then Enoch began to seclude himself to be with God more so than to rule over the kings of the earth.

- 3 days in prayer, one day with the rulers of the earth, for many years
- Then 6 days in prayer closet, and 1 day with the rulers of the earth
- Then once a month
- Then would appear just once a year
- people were afraid of him because his countenance was awesome, godlike and they were afraid God would kill them being in his presence

And the movement into dark sin, cause for the Flood:

Jasher 4:18 18. And their

judges and rulers went to the daughters of men and took their wives by force from their husbands according to their choice, and the sons of men in those days took from the cattle of the earth, the beasts of the field and the fowls of the air, and taught the mixture of animals of one species with the other, in order therewith to provoke the Lord ; and God saw the whole earth and it was corrupt, for all flesh had corrupted its ways upon earth, all men and all animals.

Do we see this today?

<https://www.christianheadlines.com/columnists/breakpoint/genetic-experimentation-on-humans-and-animals-part-2.html>

Then we see the flood of Noah

On the other side, Noah is told to replenish the earth.

This isn't just having kids, but subduing the earth (Gen 1:28) and explains how to do this in Gen 9

God gave Noah 3 rules

1. "Be fruitful and increase in number and fill the earth" (Genesis 9:1);
2. "You must not eat meat that has its lifeblood still in it" (verse 4); and
3. "Whoever sheds human blood, / by humans shall their blood be shed; / for in the image of God / has God made mankind" (verse 6). After that, God repeats His command to "be fruitful and increase in number; multiply on the earth and increase upon it"

Then **TRADITION** shows the implementation of the 7 Noahide laws. Controversial.

Ultimately, they are:

1. Do not deny God (no idolatry).
2. Do not murder.
3. Do not steal.
4. Do not engage in sexual immorality.
5. Do not blaspheme.
6. Do not eat of a live animal (no eating flesh taken from an animal while it is still alive).
7. Establish courts and legal systems to ensure obedience of these laws.

The establishment of courts & legal system is meant to ensure everyone has their equal rights justly preserved

- E.G. a king can't just kill someone for no reason

Point – governments are made by the people for the people i.e. there's no automatic predefined motion.

Rather, men set up government.
