Kier starmer is all over twitter mandating digital ID

Can't work without it

With it, it is programmable currency.

How does this differ from 'digital' bank acct / pay by phone today?

What can the government do with programmable currency?

Its PROGRAMMABLE!

No mNRA shot? No food.

Overweight? no candy.

Media post calling out emperor's clothes? Geo-fenced.

They're running out of time in Europe because people are waking up so they are full-throttle forward!

What will happen?

Will this affect our lives if this is installed in the U.S.? How?

Do you think this should make the prayer list or will God just magically take care of everything?

Which leads me to the sweet potato

- Lower glycemic index, but sweeter (more sugar but lower blood sugar impact!)
 - ~ lentils, quinoa / slightly higher than an apple
- Fiber / skin
- Extremely rich in vitamin A (beta-carotene), which gives them their orange color.
- Morning glory family (not nightshade)
- Used in both savory and sweet dishes (e.g., casseroles, pies, roasted sides)
- Antioxidant Powerhouse: anthocyanins, which reduce inflammation and protect against cell damage
- Minerals: Offer potassium, manganese, and magnesium, supporting heart health, metabolism, and bone strength.

They're easy to grow

- tropical, take the heat
- cover the ground to preserve moisture & block weed growth
- Each plant will grow several potatoes

We left off asking about Pharaoh, and people whose hearts are hardened by God, is that fair.

Want to take a week and go down Romans 1 as a refresher for some, new anchor material for others.

How people get there.

how was pharaoh's heart hardened

Romans 1:18 For the wrath of God is revealed from heaven against all ungodliness and unrighteousness of men who suppress the truth in unrighteousness,

They already have the wrath of God on them. So it's not God picking who gets saved and who isn't.

Why?

19 because that which is known about God is evident within them; for God made it evident to them.

20 For since the creation of the world His invisible attributes, His eternal power and divine nature, have been clearly seen, being understood through what has been made, so that they are without excuse.

Knowing this, they WILLFULLY sin & run the other way

- like cockroaches from the light
- like clay, hardening as they double-down in their willful disobedience
- Psalm 2:² The kings of the earth take their stand And the rulers take counsel together Against the LORD and against His Anointed, saying, ³ "Let us tear their fetters apart And cast away their cords from us!"

Their actions that follow their willful disobedience

21 For even though they knew God, they did not honor Him as God or give thanks, but they became futile in their speculations, and their foolish heart was darkened. 22 Professing to be wise, they became fools, 23 and exchanged the glory of the incorruptible God for an image in the form of corruptible man and of birds and four-footed animals and crawling creatures.

God's response to this action against reason, truth, logic (the 1st 'gave over')

24 Therefore God gave them over in the lusts of their hearts to impurity, so that their bodies would be dishonored among them.

- Note – no exertion of positive influence to get them to go further, just a removal of some restraint

How they got on the wrong tracks

25 For they exchanged the truth of God for a lie, and worshiped and served the creature rather than the Creator, who is blessed forever. Amen.

- this isn't 'the gospel', which they likely have never heard
- This is more like 'the truth that God is'
- That which might be known about God observing His creation
