Welcome /Prayer

Dr. Stephen Greer – <https://www.amazon.com/gp/video/detail/B0HKFTFVQW>

- Former ER Doc; has spent 30+ years investigating UFO/UAP claims, WH/Congress Briefings since Clinton
- Ran same circles as Chuck Eastman, citing Chuck's work.
 - Chuck's book Alien Encounters – focused only on professional evidence (not personal back yard stuff)
 - Air Traffic Control, Police, Military, FAA, Coast Guard, radar etc.
- Has collected testimony from hundreds of military, intelligence and government witnesses, including some senior personnel.
- Founded CSETI (1990) and the Disclosure Project (1993).
- Organized the May 2001 National Press Club event with ~20 retired military, intelligence, and FAA witnesses.

He says

UFOs are real: Some represent genuine non-human intelligence, not merely misidentified aircraft.

Most are human-made: Greer claims roughly 80% or more of UFOs are actually secret human technology.

Some advanced human craft were reverse engineered from extraterrestrial technology.

The technology is decades old: Highly advanced propulsion and energy technologies have existed in classified programs since the 1940s–1950s. Examples of how this world works:

- Internet — 1969 (ARPANET) — mid-1990s
- GPS — 1973 program formally created. '78 — 2000 (full accuracy)
- Stealth aircraft — 1977 HaveBlue 1st project — 1988 (public reveal)
- Drones — 1960s–90s — 2010s
- Night vision — 1960s — 1990s–2000s
- Digital imaging (dig.camera like stuff) — 1976 (spy satellites) — 1990s available
- Spread-spectrum radio — 1940s–60s — 1990s (CDMA/Wi-Fi)

Technologies capable of producing abundant, inexpensive energy were discovered but suppressed

- Tesla – pierce arrow experiment

Anti-gravity/advanced propulsion: Some secret craft can manipulate gravity or spacetime rather than relying on conventional rockets or jet propulsion.

A massive cover-up: He says the UFO phenomenon has been deliberately concealed from the public—and often from Congress and presidents themselves.

- Dwight D. Eisenhower's interrupted Palm Springs vacation at Muroc (Edwards) Air Force Base
- My Science Project

The most important programs operate through highly classified government, intelligence and corporate structures outside normal oversight.

Missing \$2T the day before 9/11

Today it's over \$21T – way over; additional \$94.7T in unsupported accounting adjustments.

Where does this money go? Boats? (come on...)

Suppression of witnesses: He says hundreds of military, intelligence and aerospace personnel have firsthand knowledge but have faced intimidation, career consequences or secrecy restrictions.

Disclosure is about technology, not just aliens: His larger argument is that UFO disclosure could reveal technologies capable of transforming energy, transportation and civilization.

Recently released Beyond Top Secret: The Era of Disclosure,
about whistleblowers, black site projects and who is behind all this.

Why should we care about this at all? What does this have to do with the church?

2Thes2:8 Then that lawless one will be revealed whom the Lord will slay with the breath of His mouth and bring to an end by the appearance of His coming; 9that is, the one whose coming is in accord with the activity of Satan, with all power and signs and false wonders, 10and with all the deception of wickedness for those who perish, because they did not receive the love of the truth so as to be saved. 11For this reason God will send upon them a deluding influence so that they will believe what is false, 12in order that they all may be judged who did not believe the truth, but took pleasure in wickedness.

13But we should always give thanks to God for you, brethren beloved by the Lord, because God has chosen you from the beginning for salvation through sanctification by the Spirit and faith in the truth. 14It was for this He called you through our gospel, that you may gain the glory of our Lord Jesus Christ. 15So then, brethren, stand firm and hold to the traditions which you were taught, whether by word of mouth or by letter from us.

16Now may our Lord Jesus Christ Himself and God our Father, who has loved us and given us eternal comfort and good hope by grace, 17comfort and strengthen your hearts in every good work and word.

Moving On

⁸ The precepts of the LORD are right, rejoicing the heart;

Precepts, or statutes/commandments –

It comes from the root verb טָקַד (pâqad, H6485),

- to visit, appoint, oversee, charge, or muster.
- So the idea behind piqqud is something that has been carefully appointed or charged by God—His official mandates or instructions.
- Used 24 times and ONLY/ALWAYS in the Psalms!

Precepts are doctrines. Truths. Not suggestions: Absolute principles for behavior / for living

And what are they?

They are 'right' – not that they are not wrong, but that their establishment is from within a framework of morality,

- so he established the world in a framework of moral cleanliness
- (Ec 7:29 "Behold, I have found only this, that God made men upright, but they have sought out many devices.")

Psalm 111:7b all his commandments {piqqud – Psalm 19:8 "precepts") are sure. :8 They stand fast for ever and ever, and are done in truth and uprightness.

again

Ps 119:15 I will meditate on Your precepts And regard Your ways.

- (precepts = same word in Ps19), and 'ways'
- Ways = well trodden paths

So a precept is a doctrine that lays out a morally right pathway!

Remember Psalm 119 Thy word is a lamp unto my feet, and a light unto my path

- It's the lamp – for seeing right in front of you – "what do I do now?"
- It's the light – for seeing in the distance – "what do I do now so my grandkids will benefit"

And

- It's the path!

It's how we navigate this world.

- It's a deceptive world (every week I remind of yet another example)
- It's a dangerous world ("safe and effective" → all lies. all of it.)
- If the church sleeps thru it or hyperspiritualizes their life, there won't BE a church.

So God's precepts are doctrines to show us how to walk the right path. And when we don't?

Isa 30:21 And thine ears shall hear a word behind thee, saying, This *is* the way, walk ye in it, when ye turn to the right hand, and when ye turn to the left.

What else is there beside's God's Word???

And what does Psalm 19:8 these precepts do besides + more of what we just covered?

They rejoice the heart.

'rejoice' - a primitive root verb meaning "to brighten up," and figuratively to be (or make) glad, joyful, merry, or to rejoice.

Aaron / Moses

- How would you feel if you hadn't seen your brother in 40 years, and he was finally going to meet you and show you God's plan to deliver your nation from the centuries old oppressors?
- Same word God used to describe how Aaron would feel when Moses met him.
- Modern Israeli secular speech – 'samach' → happy to see you
 - It means both the happy event (the party) AND the emotion that joy can bring

It supercedes circumstance though. Remember, Moses & Aaron were not in a place of victory yet when they met.

Jeremiah –

everyone hated him

He was preaching righteousness / repentance and they didn't want to hear it

They disobeyed his prophetic teachings

They rejected him and his message

So much so that they threw him in a pit

But what does he do?

Jer 15:16 Your words were found and I ate them, And Your words became for me a joy and the delight of my heart; For I have been called by Your name, O LORD God of hosts.

- The precepts of the Lord are right, rejoicing the heart.
- Want joy? Eat God's Word. It puts you on a right path.
- **1Jo 1:4** These things we write, so that our joy may be made complete.

Joy comes from applied living; a life formed by application of the Bible

Acting on what you know God's Word tells you.

The Ethiopian eunuch acted on what God told him.

(recant this story anyone?)

It's Acts 8, toward the end.

The eunuch no longer saw him, but went on his way rejoicing because God's word had become his new path he walked and it gave him deep seated joy.

Joyless Christians?

Do we see them? Why do they have no joy?

>cares of this world / thorns

>holding to form of godliness but denying its power; like an empty gas tank that just needs fuel to power the car!
