Scientists from NASA and a number of other institutions have recently been modeling the effects of (a small nuclear war) . Models suggest that though the world is currently in a warming trend, small-scale war could lower global temperatures 2.25 degrees F for two-to-three years following war.

HEALTH

From 3/21-2/22, 61k excess deaths for millennials, up 80% in the August sept time frame. Society insurance actuaries.

Overall excess mortality up 20%

Life expectancy to drop from 74 to 53 in 5 yr.

Group Life policies have employed people, always healthier and lower mortality rate than 'general pop'

- 2016 SOA report: Mortality rate of group life vs gen = 30-40% less
- 1st 9 months of covid this bore out. Then in 2021 the vaccines were introduced.
- Flipped – GrpLife = 40% excess mort, gen pop = ~32%. Why the diff?
- GrpLife employers mandated jabs, gen pop had a choice

This was corroborated with disability data from US DOL

- May '21 disability goes off charts
- Break it down – civilian pop to employed people
 - whole pop 16-64 june '22 increased 6%
 - employed pop 22.6% increase!!
- And that women ex.death rose 32% vs 19% men.

Naomi Wolf corroborates with Pfizer trial data.

- Incidents of vax injury harder than women than men.

FINANCE

Do you remember us talking about CBDCs last week? (CBDCs and ESG scores to engineer society)

Derivatives = financial weapons of mass destruction – Warren Buffett

- they will use this to take down the financial system SO THAT they can usher in ultimately the mark of the beast
- they are satanic pedophiles and they are doing their master's work

so it would stand to reason that the banks who are in on our "pilot program" 2023 of CBDC and ESG would be involved somewhat in derivatives.

Remember the banks?

The banks involved in this pilot program are Bank of America, Citigroup, Goldman Sachs, JPMorgan Chase, Morgan Stanley, and Wells Fargo.

So how exposed are these banks in derivatives?

Prayer

Pronouns are not law. They probably will be because Satan often legalizes what he intends on doing to us. (Did you know Hitler did this?)

From the [encyclopedia](#) of the United States Holocaust Memorial Museum,

The Nazi leadership used a series of legal mechanisms—which, in contrast to the revolutionary overthrow of power in 1918, judges tended to consider legitimate—to gradually assume and consolidate Hitler's power. Then, step by step, and always under the guise of safeguarding the state, the Nazi leadership imposed legislation that fulfilled its ideological goals of rearmament, military expansion, and racial purification. Throughout the 1930s and especially after the Nazi regime began World War II in 1939, the judiciary typically rendered verdicts according to the principles of Nazi ideology and the wishes of the Führer.

Regardless, it will help you to look at all the ways the Pharisees tested Jesus and how He answered the fools.

Meanwhile, regarding addressing the gender changing community, we love the person and hate the sin. How does this translate to real-life, the pronoun question?

The “system” always wants to pit you between religion and the will of the wicked State.

- If you follow the wicked State, there is no “light” (contrast) or salt (something to be attracted to) for the lost person and you offend Christ who died for that person by compromising foundational truths.
- If you follow the religious way (e.g. “God made you male or female, that’s it stupid.”) you offend the State (the system) and probably lose the soul as a self righteous Pharisee.
 - You will be [found guilty](#) of peddling misinformation and PayPal will take \$2500

Me personally – would not do it. Would find middle ground.

1) ‘pronouns’ are because the state teaches us we don’t want to offend someone

2) ‘offending’ is a 2-way street ie you are mandating I offend JESUS so I don’t offend a sinner.

- This is a violation of my 1st amendment right

3) * Me * - I would ask for that person’s name and then refer to that person formally. I’ve done this. It’s ridiculous.

4) if I were interactive with that person, they would need to know how Romans 1 got me, and how it / sin veils people’s minds to the truth, but how (2 Cor 3:16) when someone turns to the Lord that veil is taken off and you can now see!

So how do we get the kind of wisdom Jesus displayed? How bad do you want it?

Do You want a fish or do you want to learn how to fish?

[Isaiah 50](#) – a good memory chapter (repetition)

If you stand up for your right to not go against what your brain is telling you to say by identifying a boy as a girl, you could be in danger of losing your job.

Still think it can't happen here?

What would you do? What are you willing to give up for Truth? Have others in the Bible done this? What was God's response? (discuss)

Not wanting to lie to the boy, she stood there while they fired her. When this happens to you and I, we will do one of 2 things:

- We will cave, citing we have a family to feed. After all, God said it's my responsibility. Man not work, let him not eat.
- We will stand there and get publicly defamed and fired, no unemployment, NO NET. We will get thrown into the fiery furnace. We will get thrown into the Lion's den.

If you opt for the latter, you will only survive KNOWING

- [1 Thes 5:18](#) - (in everything give thanks, for) this is God's will for you in Christ Jesus.
- [Deut 8:18](#) But you shall remember the LORD your God, for it is He who is giving you power to make wealth, that He may confirm His covenant which He swore to your fathers, as it is this day.
- [Matt 6: 33](#) "But seek first His kingdom and His righteousness, and all these things will be 3added to you.
- Are there others?

You will only know this is God's will for you if you understand God's word in a practical manner (not superficial bible lessons that make you feel guilty and come back next week)

And thus we will look at what rights we have been given by God
