Thailand: The Blueprint for Digital Control & Why It Failed

https://x.com/newstart_2024/status/1979810839214371212

- Every transaction is monitored; any perceived discrepancy is flagged as fraud and punished WITHOUT due process.
- Victims are locked out instantly: unable to buy food, fill their gas tank, or access their own funds—completely removed from the financial system with no explanation.
- This has triggered a full-scale crisis. Panic has ensued.
- Retailers, fearing they'll be next, are now refusing cards and demanding cash. Public confidence in the government and banking system has evaporated.

As Igan explains, this government overreach has backfired spectacularly. The people are now rationally fleeing the digital banking system, rediscovering the critical need for cash as a safeguard against tyrannical control.

Thailand is not an anomaly; it is the test case. It is a live-fire demonstration of what a Central Bank Digital Currency (CBDC) and digital ID system will enable. It is the ultimate weapon of social and financial control.

The lesson is clear: This is why we must reject it. The time to wake up and defend financial sovereignty is now.

another example – they get it in, you get whatever big pharma not gov't, wants to put in you for transhumanism. Or you don't eat.

4th turning upate

- 67.6% of US consumers are now living paycheck to paycheck, according to a PYMNTS survey
- risen by +10 points over the last 18 months.
- This comes as nearly 30% of consumers lost their financial safety net before July 2020 and have struggled since.
- A similar percentage began facing the same situation over the last 12 months.
- All while 46% of consumers who once had some financial comfort say they have since lost it and feel overwhelmed by their situation.
- The US wealth divide is hitting historic levels.

<https://x.com/LeadingReport/status/1981835973588922679>

this should be good...

- BREAKING: USDA will not tap emergency funds for food stamps, 40 million set to lose aid next week, per Axios.
- (roughly 60% of adults pay fed taxes, 12% receive snap benefits.)
- Thank Johnson's Great Society for this creation of welfare system.
- What does the bible say about this? Is this an uncomfortable subject?

8. Resolved: To act, in all respects, both in speaking and doing, as if nobody had ever been as sinful as I am; and when I encounter sin in others, I will feel (at least in my own mind& heart) as if I had committed the same sins, or had the same weaknesses or failings as others. I will use the knowledge of their failings to promote nothing but humility – even shame – in myself. I will use awareness of their sinfulness and weakness only as an occasion to confess my own sins and misery to God.

Comments?

Promote even shame in me – why would he need this reminder? what is there a temptation to do?

What does this speak of? – empathy

Is empathy in the bible? -no they didn't really have that word

NOTE: Koine greek, ancient greek:

- 5,000-8,000 words of active spoken vocabulary

- with knowledge of 20,000 – 25,000 words

Today's U.S. English (not counting the dumbing down of our culture)

- 20,000-35,000 words active spoken vocabulary
- 40,000-50,000 known words
- **1Pe 3:8 ¶** To sum up, all of you be harmonious, sympathetic, brotherly, kindhearted, and humble in spirit; sympathetic – 4835 sympathies: commiserate
Difference between sympathy & empathy?
 empathy feels the same thing they do.
- **Ro 12:15** Rejoice with those who rejoice, and weep with those who weep.
- **Heb 4:15** For we do not have a high priest who cannot sympathize with our weaknesses, but One who has been tempted in all things as *we are, yet* without sin. (this is empathy)
