

# Sermon Summary

## July 30 2023

### *Summary*

Pastor Carl preaches about the need for believers to have a vision of God's holiness, sovereignty and glory, as illustrated through Isaiah's encounter with God. Many bible verses are quoted to affirm that Jesus Christ is Lord and sovereign over all, and bragging on who He is, the Son of God. Here are some main points from the sermon:

- Believers need to have a vision of God's holiness, sovereignty and glory. This was illustrated through Isaiah's encounter with God.
- Pastor preaches on the falling away of believers and the coming of the Antichrist as prophesied in the Bible.
- Believers must seek God's face and focus on Him, rather than on politics and worldly issues.
- Jesus Christ is Lord over all, and is exalted and sovereign over the universe. Many Bible verses are quoted to support this.
- Even in difficult times, believers can be victorious by having their eyes fixed on God, who is ultimately in control.
