### *Summary*

**Pastor Carl discussed that he believes the Antichrist will rise to power by making a peace deal involving Israel, the temple mount, and allowing Israel to rebuild their temple. Some key details that Pastor Carl believes will happen are:**

- Currently Israel and the Muslims both claim the temple mount area, preventing Israel from building their temple.**
- The Antichrist will convince them they can all worship there by showing the mosque is just in the outer court area, and Israel can build their temple in a different part of the mount.**
- This peace deal will allow Israel to start sacrificing again in their rebuilt temple, which they need to do for their religious practices.**
- It will also allow the Muslims to continue their worship at the mosque.**
- This peace deal will be very popular worldwide and make the Antichrist seem like a great diplomat, but it will actually be how he rises to power through deceiving Israel and the nations**
