1. How does the enemy know what bothers us or how his attacks are working or not if he can't read our minds? Because we ACT on it. Reading 2 Corinthians 10 for further insight. how do we fight the enemy and take CAPTIVE the attacks that come?

2. Why do we hate rules? It's because it's from our fallen nature.. all the way back to the garden. There was one "rule"; to not eat of the tree of good and evil. How do we effectively be obedient to the Lord and lay our sin nature down without having our focus on the "rules" of being righteous?

3. Pastor went into depth about how to actually "train up a child in the way they should go" by going deeper than just the surface of a child and directing them based on their SPIRITUAL personality and gifting. Whether we are a parent or not, this same principle applies to how we understand how others think and are used by the Lord. Take some time to think about your spiritual personality. How does the Lord specifically use YOU to minister to others?
