1. Read John 14:25-31. Jesus said MY peace, the peace I have, I am giving to you. Jesus has made this peace available to you today, but whether we apply it to our life or not is our decision. Has there been a time recently where you chose His peace? How did it shift your perspective of what you were going through?

2. Jesus PAID the penalty for our sin, with the payment for sin being death. God the Father kept His Word on this to the point of having HIS SON die for OUR sin. When you look at the cost of sin through this lens, does it give you more motivation to desire to live a sinless life?

3. Pastor Carl shared a great analogy in his sermon. There may not be a pill that can be taken that kills physical cancer inside of those who have been diagnosed, but God HAS given us a cure for something that carries eternal consequences, which is SIN. The cure is JESUS. Knowing there is a cure for our sinfulness, how does it change how we treat our old nature and instead walk in the Holy Spirit?
