Summary

In this sermon, Pastor Carl provides more details about the passages in Revelation chapter 14 regarding the redeemed in heaven. He discusses:

- Who the redeemed refers to - all believers from every generation, not just the Tribulation period, as the Church will have already been raptured.
- How the redeemed will be clearly identified - having God's name or the name of the Lamb written on their foreheads.
- What the voice of God will be like for the redeemed - powerful like many waters or thunder, yet also comforting.
- The special song the 144,000 Jewish servants will sing during the Tribulation, having a unique victory song for what they endured spreading the gospel.
- The characteristics of the 144,000 - they will be virgins, wholly committed to serving God alone and traveling wherever needed to minister despite intense persecution from the Antichrist.
- Pastor Carl's view that the 144,000 will be pure Jews in their lineage, kept pure by God for their important role during that time.
- How God will provide hope for Tribulation believers through the work and protection of the 144,000 witnesses and the salvation of many Jews and Gentiles during that time.
