

Life Group Questions

march 31 2024

1. Read Philippians 3:10, and then re-read the passage from verse 8 through 11. What do these verses have to say about faith in Jesus and our personal relationship with God? How does this connect to the POWER of Jesus' resurrection?

2. Pastor Carl read the scripture found in Song of Solomon 2 that says "Arise, my love". Pastor believes Jesus heard those same words on that Easter morning and that one day we too will hear those words in our resurrection. How does this truth give you hope when you encounter trials in your life?

3. There was a fascinating Jewish tradition that Pastor Carl explained, that if a master would be eating and was done, he would simply throw his napkin on the plate. But if the master desired to continue eating, he would fold it up neatly with the understanding that he would be COMING BACK. This beautifully connects to the resurrection of Christ wherein John 20:7 says "And the napkin, that was about his head, not lying with the linen clothes, but wrapped together in a place by itself". How does this foreshadow the second coming of Christ, and how does this also bring you hope in the midst of the darkness that we are surrounded by in our world?
