
UFO/USP/UAP, GIANTS, NEPHILIM, THE SONS OF GOD, AND AI: A Personal Perspective — Pete Weh

We are living in a time when conversations about UFOs and unexplained aerial phenomena are rapidly entering mainstream discussion. These modern reports often echo ancient narratives found in Scripture and non-canonical writings. This presentation shares my perspective—shaped by my career experiences and my faith—on how these themes may intersect and what they might mean for us today.

I. Disclosure by accident or intent?

- Various investigative reports and media pieces continue to surface about UAP incidents. Some information appears credible, some misleading, and some may involve classified material that has leaked into the public domain.
- UAPs and credible witnesses, abduction and physical evidence – satanic ritual/genetic manipulation.

II. Crazy!?! – Crazy as Scripture

- Scripture tells of many supernatural events
- Non-scriptural texts give context to Scripture that we miss
- **2 Peter, Jude, Genesis 6**
- **Genesis 6** describes the 'Sons of God' and the rise of the Nephilim—beings tied to transgression, corruption, and manipulation of humanity. Ancient Jewish readers were familiar with this worldview.

III. Wickedness in the World/Corruption of Flesh: Genesis 6

- **Genesis 6:1-4, 11-12** “When human beings began to increase in number on the earth and daughters were born to them, the sons of God saw that the daughters of humans were beautiful, and they married any of them they chose. Then the LORD said, “My Spirit will not contend with humans forever, for they are mortal; their days will be a hundred and twenty years.” The Nephilim were on the earth in those days—and also afterward—when the sons of God went to the daughters of humans and had children by them. They were the heroes of old, men of renown. [**Verse 11-12**] Now the earth

was corrupt in God's sight and was full of violence. God saw how corrupt the earth had become, for all the people on earth had corrupted their ways."

IV. Explanation of the book of Enoch: lends context to portions of Scripture

- The Book of Enoch (1 Enoch) is not Scripture, but is an ancient Jewish apocalyptic work attributed to Noah's great-grandfather, focusing on the fall of angels (the "Watchers") who married human women and birthed giants (Nephilim). It describes Enoch's journeys through heaven, divine judgments, secrets of the cosmos, and prophecies of a future Messiah.

V. The Watchers and Giants

- Fallen angels, led by Shemihaza, teach forbidden knowledge (sorcery, warfare) and have children with humans, creating the violent Nephilim giants.
- Although highly regarded by early Christians and quoted in the New Testament (**Jude**), it was excluded from the canonical Bible, though it is considered scripture by the Ethiopian Orthodox Tewahedo Church.
- **2 Peter 2:4-5** "For if God did not spare angels when they sinned, but sent them to hell, putting them in chains of darkness to be held for judgment; if he did not spare the ancient world when he brought the flood on its ungodly people, but protected Noah, a preacher of righteousness, and seven others."
- **Jude v6** "And the angels who did not keep their positions of authority but abandoned their proper dwelling—these he has kept in darkness, bound with everlasting chains for judgment on the great Day."
- Then, what are demons? Not "fallen" angels.
- Definition & Etymology: Derived from the Hebrew root naphal ("to fall"), they are often translated as "fallen ones". The Septuagint and other ancient translations interpret the term as "giants" (Greek: gigantes) due to their stature.
- Biblical Mentions: They appear twice: first before Noah's flood in **Genesis 6:1-4**, and later in **Numbers 13:33** as giants in the land of Canaan, known as the sons of Anak.
- Origin Interpretation: The most common traditional interpretation is that they are the hybrid offspring of fallen angels (sons of God) and human women. Other interpretations suggest they were the offspring of the godly line of Seth and the wicked line of Cain, or simply ancient tyrannical rulers.

- Characteristics: Described as "mighty" and "men of renown," they are portrayed as heroes of old, but also associated with the violence and corruption that led to the Great Flood.
- Book of Enoch: In this apocryphal text, they are further detailed as wicked giants whose chaotic actions necessitated divine intervention.

VI. Nephilim, Demons, ET, and AI

- Scripture records many remarkable events. Yet today, we often place boundaries around what we believe is possible. We limit understanding to our scientific or cultural 'box'. Or we put everything into the "demonic" box.
- What is the difference between demons, angels – fallen angels, the throne room creatures, extraterrestrials (not of this Earth)

Ezekiel 1:4-21 "I looked, and I saw a windstorm coming out of the north—an immense cloud with flashing lightning and surrounded by brilliant light. The center of the fire looked like glowing metal, and in the fire was what looked like four living creatures. In appearance their form was human, but each of them had four faces and four

wings. Their legs were straight; their feet were like those of a calf and gleamed like burnished bronze. Under their wings on their four sides they had human hands. All four of them had faces and wings, and the wings of one touched the wings of another. Each one went straight ahead; they did not turn as they moved.

Their faces looked like this: Each of the four had the face of a human being,

and on the right side each had the face of a lion, and on the left the face of an ox; each also had the face of an eagle. Such were their faces. They each had two wings spreading out upward, each wing touching that of the creature on either side; and each had two other wings covering its body. Each one went straight ahead. Wherever the spirit would go, they would go, without turning as they went. The appearance of the living creatures was like burning coals of fire or like torches. Fire moved back and forth among the creatures; it was bright, and lightning flashed out of it. The creatures sped back and forth like flashes of lightning.

As I looked at the living creatures, I saw a wheel on the ground beside each creature with its four faces. This was the appearance and structure of the wheels: They sparkled like topaz, and all four looked alike. Each appeared to be made like a wheel intersecting a wheel. As they moved, they would go in any one of the four directions the creatures faced; the wheels did not change direction as the creatures went. Their rims were high and awesome, and all four rims were full of eyes all around.

When the living creatures moved, the wheels beside them moved; and when the living creatures rose from the ground, the wheels also rose. Wherever the spirit would go, they would go, and the wheels would rise along with them, because the spirit of the living creatures was in the wheels. When the creatures moved, they also moved; when the creatures stood still, they also stood still; and when the creatures rose from the ground, the wheels rose along with them, because the spirit of the living creatures was in the wheels.

VII. Bob Lazar, Credibility, and more questions than answers

- Lazar and George Knapp, Lazar polygraphed (inconclusive)
- Recent documentary Age of Disclosure: Directed and produced by Dan Farah, the unprecedented and revelatory documentary film--featuring 34 senior members of the U.S. Government, military, and intelligence community--reveals an 80-year cover-up of the existence of non-human intelligent life and a secret war amongst major nations to reverse engineer technology of non-human origin. The film exposes the profound impact the situation has on the future of humanity, while providing a look behind-the-scenes with those at the forefront of the bi-partisan disclosure effort.
- Congressional hearings, credible people, Deep State and Corporations – no cooperation with the rest of the government

VIII. Is it the Occult?

- Some speculate that there is a connection to the occult.

- Alistaire Crowley - Jack Parsons (inventor of rockets and founder of JPL. Practicing occultist postulated by some to having induced the appearance of UFOs following his rituals and his technological work).
- Kandahar giant story
- Working on genetic manipulation and the occult to gain strategic technological knowledge and military advantage.

IX. Nephilim, Demons, ET and AI

- We are witnessing rapid advancements in AI and emerging technologies. These developments raise spiritual, ethical, and existential questions.
- Signs of the end days, the Great Deception, Project Blue Beam
- Genetic manipulation – man’s birthright of dominion over the earth. The transgression of the sons of god was to usurp our dominion and Gods glory.

X. Conclusion

- **Colossians 1:16** “For by him all things were created, in heaven and on earth, visible and invisible, whether thrones or dominions or rulers or authorities—all things were created through him and for him.”
- We do not have all the answers. The Bible was not intended to serve as an encyclopedia of the universe but to instruct us in living a godly life and reveal Jesus as the Messiah our KING.
- I don’t need ALL the answers! **Psalm 25:2** “It is the glory of God to conceal a matter and the glory of kings to search it out.”
- Do not be deceived, be unshakeable even if extraordinary events occur. The TRUTH remains and is constant.
