APPLICATION QUESTIONS

These questions are provided for further study and application of today's message. Thoughtfully writing out the answers will help drive home the point of today's message. It is also helpful to discuss your answers with others.

- 1.** An example of anger was used at the beginning of the sermon. Depending on the person's view of God led to specific actions taken after the anger. What beliefs surfaced in both examples? Which one was correct because of an accurate view of God? (See Exodus 34:6-7)

- 2.** When you consider Genesis 1-2, in what ways are you dependent upon God? List as many as you can.

- 3.** Once you have looked at the ways you depend upon God in the previous question, think about God's character revealed in these two chapters. What is He like? What stands out about Him? Would this lead you to trust Him or be suspicious of Him?

- 4.** Do you see that all your life is tied intimately to God? In other words, do you see that depending on what you believe about God will lead to specific actions? What is your response to this teaching?
