What stood out to you most about this week’s sermon/Scriptures?

What is the definition of a “parable” and why do you think Jesus used parables?

In the parable of the seeds, who/what does the farmer, seed, soil and crop represent?

What are some modern day examples of what the different soils (path, rocky ground, good soil) represent in our lives? What soil best represents the state of your heart currently?

In verse 11, who is the “them” that Jesus was referring to? When in your life have you been like “them”?

What can we do to ensure that our hearts remain open and ready for the Word of God?

What seeds were sown in your heart this week?

Witness: If you sponsor a child through Compassion International (or other child sponsorship program), write them a letter this week and sow God’s Word into their lives!
