

Welcome: What's your favorite Thanksgiving tradition?

Worship: Pick a song from Monterey Music's latest album "Higher Still" on YouTube.

Word: Read *Matthew 25:14-30*

What stuck out to you through the scripture and teaching this week? Did you underline or highlight anything in particular?

Would you say that you've taken God's grace for granted? In what ways?

In the parable, the master distributes certain amounts of wealth to his different servants. Why is this important, and how does it apply to God's grace in our individual lives?

How does God's apportioned grace free us from comparison and worry?

Read Galatians 6:7-8. How does the Kingdom Principle of "Sowing and Reaping" apply to this parable? How does the same principle apply to our lives?

Why did the third servant choose to bury his portion of wealth?

What portions of God's grace have you buried? What is one way you will uncover and invest that grace this week?

Witness: How can you specifically be praying for your neighbors this week?
