

Welcome: What was your first vehicle?

Worship: Listen to *All the Poor and Powerless* by All Sounds & Daughters

Word:

- What within Bryan & Elaine's conversation resonated with you the most?
- Have you ever felt like things such as "world poverty" were just too large to be a part of a solution?
- How can putting a single child's face on the larger issue change one's perspective? (Which is what child sponsorship does)
- Is child sponsorship something you will prayerfully consider?
- Would you also prayerfully consider joining your Church on a short-term Compassion mission trip?
- Has anyone in your group sponsored a child for a longer period of time and/or been on one of our short-term trips? Please have them talk about their experience.

Witness: Close with praying for Monterey Church to become established and strong (the church and every member of it) for the purpose of reaching more people locally and globally through our work with Compassion.
