Word: Read Matthew 6:25-34

1. How important do you think this passage is to a person who is serious about following Christ?

2. How does the life (lifestyle) illustrated here fly in the face of conventional wisdom?

3. How do we receive compensation from God? Where is it restored?

4. What strategy is implied in verses 27 & 34?

5. How does this passage challenge you personally? In other words, what is God saying to you through it? (Have everyone answer)

Witness: Commit to praying for an opportunity this week to serve, connect with and/or minister to someone who is disconnected from God, and actively be looking for that opportunity.
