

He is Lord of Time (Psalm 90)

December 30, 2018 | John Sittema

1. Talk about how time functions in our lives: pressure (lack of time, pace of time), controlling power (relentless passing of time), fear (not enough time to get done what I want), regret (missed opportunities). Do any of these crash into your faith on a daily basis?
2. Psalm 90 calls us to "get a heart of wisdom" about time. What do you think that looks like?
3. John suggested that confessing God as "Lord of Time" should inspire worship in us. Talk about what that should look like both personally and communally as we reflect on 2018 and anticipate 2019.
