JANUARY 12, 2020

Sermon Title - Saved to Serve: Serving Satisfies

1. Has there every been a time in your life when you were completely satisfied? If so, share that experience with us. What made it so satisfying? How long did that sense of satisfaction last?
2. What was the most meaningful opportunity you've ever had to share Jesus with someone else? What were the circumstances? What made it so meaningful? Did this experience cause you to share Jesus with others more? Why or why not?
3. What specific ways does self-focus distract you from Kingdom priorities? What are the things that most often compete for your affections and service to Christ and the Kingdom?
4. Do you feel like you have sufficient margin to serve Christ? Why or why not? Is there anything you are willing to consider removing from your life so that you can focus more diligently on the things God wants for your life (produce disciples, grow in holiness, love one another, use your gifts to build up the church)?
