MARK OF A DISCIPLE: TRANSFORMED WILL

Ephesians 4:22-24

1. What was your life like before you met Jesus? What has changed (be specific) in your life since you began following Jesus by faith?
2. What attitudes and actions (the things that marked your “old life”) are consistently difficult for you to “put off”? For example, maybe you are sinfully sarcastic or are easily triggered in anger. What are some things (Scripture, counseling, discipleship, particular relationship, etc.) that have helped you gain ground in these areas?
3. How does consistently and habitually looking at who God is and what God has done in Jesus (2 Corinthians 3:18) work to renew and change our mindset?
4. Can you think of a specific instance where you know the Holy Spirit was helping and guiding you as you navigated a life situation? Would you share with us what that experience was like and how you know it was the Spirit enabling you? hear, and trust to change your heart, and other things he has used to effect change in your life.
