

**SERMON DISCUSSION QUESTIONS MAY 5, 2019**  
**MARK OF A DISCIPLE: TRANSFORMED MIND**

1. What are some methods “the world” (human reason, psychology, public opinion, medical counsel, etc.) employs to change the way people think?
2. Why are our bodies important to God?
3. Are there any commitments in your life that reveal how valuable Jesus is to your life? If so, what are they? Are there any commitments in your life that diminish how valuable Jesus is in your life? If so, what are they?
4. What are the ways of thinking and feeling where you feel most tempted to conform to the world?
5. The renewal of our mind happens supernaturally by the Holy Spirit. But God also uses means to bring Jesus into focus in our lives. What are some specific things you can do or focus on this week that will help you become more God-centered in your conscious thoughts and feelings, and God-honoring in your reflexive responses to life? How can we pray for you this week?
