Life Group Discussion Questions

Week of February 13, 2022

Read Psalm 65 together.

1. King David declares that our God hears prayer and that He purges our transgressions away. So this indicates that our first and greatest praise should be for what?

2. Our God by His strength sets the mountains in place, He stills the seas, He rules over the turmoil of the nations. We are speaking of God's ultimate control or what ?

3. We give God praise and thanksgiving because 'You crown the year with your bounty, and your paths overflow with abundance'. What provision do you personally have to thank God for?

How can we pray for you this week?
