SOCIAL USEFULNESS SCALE

- **more** sophisticated / popular
- people who are “**above us**”
- those who are able to **move us up** the scale by association
- therefore, we **treat them better / give more attention**

- **less** sophisticated / popular
- people who are “**below us**”
- those who are **unable to move us up** the scale by association (maybe even “down”)
- therefore, we treat them with **less respect / interest**
