

# When do **thoughts** become **sinful**?

**(not a sin)**  
when a sinful  
thought first  
enters one's  
head

you have  
entered the  
"sinful zone"

**(definitely a sin)**  
when sinful  
thoughts become  
obsessive or  
compulsive  
attitudes

when  
a person's  
**DESIRE** (or lust)  
is  
**ACTIVATED**  
in their mind

- a conscious plan to act
- a calculated plan
- you give self permission
- obsessive / compulsive
