

### **Questions To Consider**

What is one thing that stood out to you from this week's message?

Discuss the following point from the message: "Life is not primarily about what we attain or accomplish, but about what we go through and who we become along the way." How does this kingdom reality clash with the philosophy of the present age? How does this change our perspective and attitudes as we face troubles and tribulations?

Why is it challenging to trust God is lovingly at work in our lives when we don't perceive his activity? How can we better trust in the heart of God?

Do you prefer to have clarity or trust? Why?

Faith is not an experience but a journey. Share how the struggles of your life have affected your faith. When your trust and confidence in God is barely there, how can you strengthen yourself and grow in faith?

How can I pray for you?
