1. When someone hurts you, what do you naturally tend to do—withdraw, defend yourself, replay it, or something else? How does that affect your ability to work through it?
2. Read Ephesians 4:31–32. Without describing another person's offense, can you share how remembering God's patience has helped soften your response toward someone?
3. Read Luke 17:3–4 and Romans 12:18. Have you ever confused forgiveness with pretending everything was fine? What helps you pursue forgiveness honestly while recognizing that trust and reconciliation involve more than your own willingness?
4. Read Mark 11:25. What are you still learning about forgiveness in your own life? Identify one step you can take this week and any support you need. You may answer without naming a person or explaining the offense.
