

THE CONVERSATION

Where are We?

Nicole Kibler - Director of Family Ministries

- Joining us on June 20th
- Office in the library
- We'll be moving books upstairs.
- We have a list of short and long term goals we'll be working through.

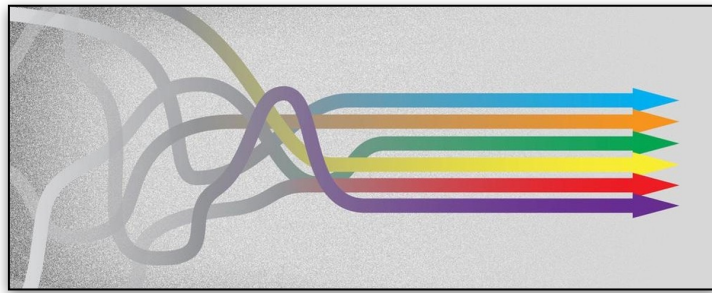

Other Church Developments

- New members joining
- Increased Sunday School attendance
- Increased attendance on Sunday morning
- C.L.A.S.S. seminar started
- Great men's and women's event

The future of Community Church is reaching both older and younger people.

It doesn't have to be either/or - it is both/and

Where are Going - “Alignment”

Laser vs. Prism

Importance of Alignment -

- “How do we maximize the money we’re spending?”
- “How do we maximize the effort we’re making?”
- “How do we maximize the resources we are expending?”
- Partnership

What this means -

- Coordination of all ministries dates/foci through the staff/church office (men, CCW, worship, Sunday School, etc.).
- We all work together in the same direction —> communication is key.
- Same goals and same purpose —> worshiping, connecting, growing, reach, and serving.
