Promised Beforehand

Take Home

Read the following passages in preparation for next week's class:

Genesis 12, 15, 17

1. As you read, look for anything that gives attention to a covenant (a promise between God and man) community– promises of a seed (offspring), a son (family), and a community (nation).

2. Read Psalm 106 which marks the constant unfaithfullness of God's people to Him.

    - How does God respond to them according to verses 43-46?

    - What does this response tell us about God's commitment to His covenants
