

Open my Eyes

Then Elijah said to his servant, "Go and look toward the sea."

The servant went and looked. He said, "I see nothing."

Elijah told him to go and look again. This happened seven times.

1 Kings 18:43

Meditation: For those that drive we understand the blessing of functioning lights on a car. On the darker days we thank God for lights that work. Those lights bring clarity to our journey. They help us to adequately and correctly perceive what is happening around us. Keep your eyes open and turn the lights on. The Holy Spirit will guide you and give you clarity.

Reflection: Do I have clarity about my assignment? Am I perceiving my circumstances through my lens, or the lens of grace?

Prayer: Lord help me to open my eyes to your goodness. Help me to see you as you are, as good, and as Lord of my life. Help me to trust you with my vision, lean in to you for my focus and depend on you for clarity. Open my eyes because I want to see you.
