

Wisdom

*Wisdom is the principal thing; therefore get wisdom: and with all thy getting get understanding.
Proverbs 4:7-9*

Meditation: Stagnation is not the byproduct of ignorance, but rather the lack of wisdom. Many of us are acquiring knowledge but wisdom is the proper application of that knowledge. Have the wisdom to apply what you know, and Faith to believe that you have what you need to carry out the vision. Wisdom makes up the difference for skill. Choose wisdom!

Reflection: When I look at my purpose, do I just have knowledge or am I exercising wisdom? Am I lacking wisdom or faith to carry out my purpose?

Prayer: God, your Word says that wisdom is the principal thing, so help me to seek wisdom. Help me to apply the knowledge and pair it with faith. God I desire to see your accelerated manifestations, so give me wisdom so I can see on earth what you promised me.
