

Loving Greater

Scripture: Greater love has no one than this John 15:13 (ESV)

Love is powerful and our capacity to love should never stop. Love is an area where we are constantly being stretched to love bigger, love deeper and to love longer. When we look at the kind of love God gives, it always comes with two things, service, and sacrifice. What have you sacrificed in the name of love lately? The scripture above speaks about laying down your life, that is not always physical death, but sometimes it is the death of our preferences. Love requires that you choose being righteous over being right. It means walking away when you go want to go to war. It means showing compassion instead of competing. As we journey in and toward greater, you have to grow in love. So be challenged today to love greater.

Affirm: The love I show speaks well of Jesus!

Pray: God, help me to love like you. You are love and because I am made in your likeness, my love should speak well of you. Thank you for loving me and allowing love to flow freely from my heart. You are good and you are love, Amen!
