Day 14

**Sensitivity is a benefit that allows us to be more present and aware of God's work around us and in us. Sensitivity graces us to appreciate the daily benefits that greet us every morning but also helps us to hear God's voice. It helps us to follow God's leading.**

Day 14

**Sensitivity is not weakness, but it is awareness. May we become more aware of the presence of God so that as we realize God's nearness, we show up more presently in our own lives. And it is so!**
