

## The Fundamental List

### Week two - "Greater Grace"

*Romans 3:23, Matthew 22:36-40, Romans 5:7-8*

**Bottom line: Sin is real, and grace is greater.**

1. In the past, how have you understood or described sin?
2. Are you more tempted to deny sin or dwell in it? Why do you think both are problematic?
3. How did Jesus characterize sin? And how did his understanding of sin challenge the religious leaders when it came to their questions about "lawfulness?"
4. Does grace feel uncomfortable to you? If so, why?
5. How have you practiced confession and repentance in your life? What is one way you'd like to pursue confession or repentance going forward, either in understanding or in practice?
