

Find Your People

Week two - "The Power of 'With'"

Romans 12.9-21

Bottom line: Finding your people starts by being with people, which is what God did for us in sending Jesus.

1. Has anyone tried the Reeses/Oreos collaboration? Share your reviews, or just share your favorite flavor of limited edition Oreos.
2. Read Romans 12:9-21
 - a. Which of Paul's instructions feels more obvious, or easier to follow?
 - b. Which of Paul's instructions feels uncomfortable or counterintuitive to you?
3. Share some of your experiences of being with or around people in difficult situations. What have you done or said that felt helpful? What have you done or said that didn't seem helpful in retrospect?
4. When you think about moral formation, or the idea of "being human," how do you think that works? Where and how do we learn our social skills?
5. Why is it such a big deal that God chose to save us through Jesus becoming fully human? Why does it matter that God redeemed humanity instead of giving up on humanity? How should that inform our desire to be human and overcome evil with good?
6. How can you be "with" people more intentionally this week? How do you need someone to be with you right now?
