

Give Me A Sign
Week four - ***"Common Sense and Circumstantial Signs"***
Proverbs 2:1-11
Bottom line: God made us thinking beings and gives us understanding in line with His will.

1. What's an example of a decision you probably don't need to pray extensively about because God has already given you wisdom and common sense for it?
2. Proverbs 2 says to search for wisdom like hidden treasure. What does it look like to actively pursue wisdom rather than treat it as a suggestion?
3. Which of these "better questions" challenges you most right now: "What is wise?" "What does love require of me?" or "Am I being honest with myself?" Why?
4. Can you think of a time when you knew the right thing to do but struggled to actually do it? What got in the way?
5. Where have you noticed God's provision or presence in circumstances that may have initially seemed like coincidence?
6. Why is it important to test circumstantial signs against Scripture, wisdom, and the other ways God guides us?
7. How does the truth that God is not hiding—and invites us into relationship with Him—change the way you approach decisions and daily life?
